1.0 **PURPOSE**

To allow for new registrants who register with CPMB on or after October 1 an exemption on completing PCC requirements in the remaining months of the registration year.

2.0 **DEFINITIONS**

Program for Continuing Competency: (PCC) as approved by the Council of CPMB

Registration Year: April 1 – March 31 annually

New Registrant: A registrant whose registration application was approved on or after October 1 of any given year.

3.0 **POLICY**

- 3.1 Any new registrant whose registration application is approved on or after October 1 of any given year is EXEMPT from participating in the self-directed portion of the Program for Continuing Competency (PCC) for the remainder of that registration year during which the application was approved. However, the new registrant will be required to complete any mandatory modules required by CPMB prior to the renewal period.
- 3.2 The new registrant will be permitted to renew their certificate of practice in the renewal period immediately following their initial registration, for the following registration year.
- 3.3 The registrant will be required to participate in the PCC program every year thereafter.
