

# College of Paramedics of Manitoba

Protecting public interest through  
regulatory excellence in paramedicine

## ▶ NEWSLETTER

April 6, 2023

Happy Spring College Registrants! We have elected to move to a monthly news brief from the quarterly newsletters in order to communicate important information in a more timely way.

As we approach the long weekend, we thank those who are providing service and hope everyone finds time to rejoice in ways that bring joy in their lives.

### **National Public Safety Telecommunicators Week April 9-15, 2023**

The College would like to recognize the important work of registrants across Manitoba who work in dedicated command and control centres for the dispatch of emergency medical resources. Thank you for always being there for Manitobans.

### **College Website Refresh**

We will be making minor modifications to the College website to assist registrants and the public in finding important college information. Changes occur over the next 1-2 months.

### **Photos Needed**

A CPMB goal has been to obtain more photos for our college website. If you have a scenic shot that shows the amazing beauty of our Manitoba landscape, please send it to us at [info@collegeparamb.ca](mailto:info@collegeparamb.ca). Please indicate your name so we can give you photo credit. Photos that incorporate landscape with EMS platforms (land, air, alternate) are welcome. We are sorry, without individual permission we are not able to accept photos of paramedics.

### **2023-2024 Program for Continuing Competency (PCC) Coming in May!**

The 2023-2024 PCC menu tab will be available in your registrant portal in May! We will notify you when it is activated and ready for use. In the meantime, please make sure your 2022-2023 self-assessment, learning goals, and learning activities are safely stored on your home computer. The 22/23 manual PCC forms will continue to be available on the website until April 30, 2023.

### New Practice Directions

Council have approved the following practice directions:

- Delegation of Reserved Acts
- Documentation
- Providing Care While Off Duty
- Attendant and Secondary Attendant Responsibilities
- Interprofessional Collaborative Care

All practice directions are found on the College website [here](#). Practice consultations are available to registrants if you have any questions regarding the material. Please contact us at [info@collegeparamb.ca](mailto:info@collegeparamb.ca)

### Are you a Gmail User?

If you are a Gmail user, you are one of 1.8 billion users worldwide who use this email platform. As you may have found out though, Gmail comes with many unique features for inbox management and that also leads to emails easily becoming lost. There are many tutorials and here is one that might be helpful: [https://www.youtube.com/watch?v=OD7H4p\\_luvs](https://www.youtube.com/watch?v=OD7H4p_luvs)

### Update on COPR Competence Framework

The revised competence framework is on track to completion. More information is found at:
