

Statement from the Executive Director/Registrar of the College of Paramedics of Manitoba

Public Censure - CPMB Former Registrant (Name Withheld)

The College of Paramedics of Manitoba protects the public interest by following the professional conduct processes described in *The Regulated Health Professions Act (RHPA)*.

The profession of paramedicine became self-regulated on December 1, 2020.

Decisions of the Complaints Investigation Committee related to a public censure may be published as required by the RHPA s. 104(2). The purpose of the publication is to demonstrate to the public that the College and its regulated members, takes appropriate action on serious conduct matters.

The notice of public censure is withholding the name of the former registrant in this circumstance due to evidence provided by the investigated member that they are suffering from an ailment that meets the definition of the same, per s.104(3) of the Regulated Health Professions Act.

The Complaints Investigation decision is a reminder to paramedics that they must fully cooperate in matters which come before them and always abide by the Code of Ethics and the Standards of Practice for the paramedic profession in Manitoba.
