College of Paramedics of Manitoba

As previously announced in our October edition of *In Practice*, our quarterly newsletter, the College of Paramedics of Manitoba is transitioning to Alinity - a new Canadian-based online registrant management system designed to support a more streamlined and accessible experience for Manitoba registrants. **As we prepare for the transition, there are a few important dates and steps to keep in mind.**

Important Dates

- **Friday, November 6 - Sunday, November 15**
  Registration services will be temporarily unavailable while we make the transition to Alinity. During this time, **applications, registration updates, and other registration-related transactions cannot be submitted or processed.** This will also affect the College's *Find a Paramedic* feature and the complaints submission form. **Until further notice,** all complaints can be submitted by downloading and filling out the PDF form, which can be **found here.** Once the form is completed, you can submit it to the College by emailing info@collegeparamb.ca.

- **Monday, November 16**
  Alinity is expected to launch, providing access to the new registrant portal. On this day, you will receive a welcome email that will direct you to the new portal where you will have to set up a password before access is granted. Keep in mind that **the system will be introduced in phases, with some features becoming available over time.**

How to Prepare

If you have an upcoming registration need, **we encourage you to plan ahead where possible** and expect potential delays.

Please note that the current Program for Continuing Competency (PCC) process and requirements for the 2026 - 27 cycle remain unchanged as a result of this transition. **Your PCC can still be completed through our website.**

We understand that changes to online services can require some adjustment, and we appreciate your patience as we make this transition. Our goal is to make it as straightforward as possible for you to access and manage your information.

Thank you.
